

JUBILEE WOOD, TICKHILL

including adjacent banks of the River Torne

FLOWER LIST

commenced 17 May 2003

Reference Book: W Keeble Martin, The Concise British Flora in colour

Entries in bold print are plants newly found in 2004

Those in brackets were introduced in 2003

Those marked **###** and underlined were in the river or within 2 metres of it

Exact identification of Hawkbits, Cats-ears etc was not attempted this year

Nor the 'little white jobs'!

Less River work this year

TOTAL **103**

There are identification queries against 11 of these

CODE for where the plants were found

WOOD

top,t higher land, over sand and gravel

bottom,b lower carr land

RIVER including banks

A below footbridge

B footbridge to SE corner

C east river and banks

D track and hedge bottom
