Sir,
 you have herewith the outlines of a morning
 and evening performance intended to be done at Worksop
 on Sunday the 9th day of August next in the new concert
 Room ----- You will perceive there are two blank spaces
 left for you, therefore you must send me the songs and
 words by return of post as we want to send the programme
 to the press ----- Of course we shall want you and
 the person you named Gregory,
 which of all means be sure to
 inform and give me the
 fullest information when you
 write ----- We may perhaps make
 some little alteration in the
 selection when we hear from you and Miss Keeston,
 but I will send you a printed bill as soon as they
 come from the press ----- therefore don't fail writing
 immediately -----
